## Summer 2023 Workshop with Zika Shibata Sensei

*Las Vegas 24 - 27 August*

### DAY 1 (AM-Workshop)

Summer workshop began on a warm Friday morning. The participants were given several stems of a river-reed grass, some white glue and the choice of colored mulberry paper. The river-reed grass was split in half lengthwise with the use of a small saw and light tapping. The thin reeds were then

bound together to form a vertical mat. This structure was enhanced by gluing mulberry paper strips on the inside of the river-reed. This structure, measuring from 12 to 15 inches, was used in a container to create a design. Pink and yellow flowers and soft grass enhanced the design. Sensei critiqued the designs and complimented each on their creativity.
